DEDICATION

RICHARD N. STETSON

This year, the Winchester Board of Selectmen have appropriately dedicated the Town Report to Richard N. Stetson.

Richard N. Stetson ("Richie" to most of us) served from 1956 to 1983 as the Winchester Highway Commissioner, which was an elected position. In 1983, he was appointed as the Winchester Road Agent and held that position until January 1, 1990 when he retired after 33 years of service.

While serving as the head of Winchester's Highway Department, "Richie" was called many things - highway superintendent, road agent, highway commissioner and some we should not put in print. He acted during this time in many different capacities. He designed, reconstructed and rebuilt nearly all of Winchester's roads and bridges. He also managed our Landfill as part of his responsibilities. Over the past few years he has rebuilt many roads including the Burt Hill Road and the Burt Hill Bridge, the Old Westport Road and the Kelley Bridge, the Piney Woods Road, the Old Ashuelot Road and recently he placed an earth bridge and culvert on the Tannery Bridge Road allowing heavy trucks safe access to businesses across the river. "Richie" has saved the Town of Winchester tens of thousands of dollars on bridge replacement projects, highway reconstruction projects, landfill projects, and many other projects he was asked to take charge of by the Board of Selectmen. He has done everything from rebuilding town building foundations and covered bridges, to taking care of our Town Beach and rebuilding main street. "Richie" was a dedicated town department head always willing to assist any resident whenever he could.

We have information that prior to retiring, "Richie" bought a fancy fishpole if that's any indication of what he is going to do in the future. "Richie's" wife, Gladys, we have heard has many projects to keep him busy around their Scotland Road home. In his spare time, "Richie's" grandchildren also have plans for him.

The Town will miss Richard N. Stetson - a good job well done!!

SELECTMEN'S MESSAGE

Here is your Town Report. It contains nothing mean, nothing trivial, or pretentious. Thought and effort, imagination and sincerity were chiefly used to give a clear picture of your town's activities, and we hope it to be a source of information to all and inspiration to many. It must be remembered that complete statistics are always on file and available at the Town Clerk's or Selectmen's Offices, and the verbatim transcriptions of your last several Town Meetings may be read at the Library.

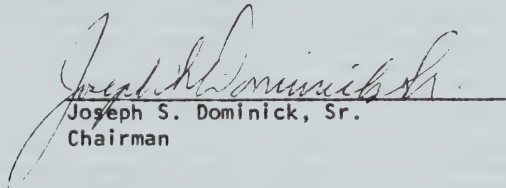

This report is for you to use, and the town's business is your business. Give it the same careful consideration you would give your own business. All of you are participants in the Town of Winchester and in that capacity you share in the activities of a business that does a volume of \$5,000,000. a year.

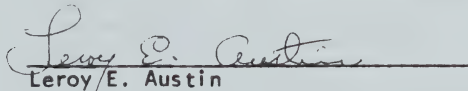

As a taxpayer, you should be extremely interested in the financial structure and administration of your town. You definitely owe it to yourself and your fellow citizens in the way that the business of the town is operated. You should be sincerely interested in the progress and growth of your town, striving for a better and more beautiful community.

Having read the complete report, we believe that each individual cannot help but know more about his or her town government.

Having asked a few individuals what they liked about the report, I was told they liked to compare their tax bills with their neighbors and another individual said they liked to read the marriage statistics and then see when the baby was born. But for whatever reason you have your report and read it in good health.

Sincerely,

Joseph S. Dominick, Sr.
Chairman

Leroy E. Austin

Edmund W. Ryll

BOARD OF SELECTMEN
TOWN OF WINCHESTER

SELECTMEN'S REPORT - 1990

The Board of Selectmen wish to thank all the taxpayers and town officers for their cooperation during the past year. Selectmen meet every Wednesday at 7:00 P.M. Other times may be arranged by calling 239-4951 if these hours are not convenient. The Selectmen's Office is now open Monday through Friday from 8:00 A.M. to 5:00 P.M.

We again call your attention to the numerous forms available in the Selectmen's Office to be used by the taxpayers for property taxation. The only form that is mailed out is the Inventory of Taxable Property. All other forms must be obtained at the Selectmen's Office. The law states that an Inventory Form must be filled in, signed and returned to the Selectmen's Office on or before April 15th. If an Inventory Form is not filed, there is no legal basis for the Board of Land and Tax Appeals or the Court to consider an application for abatement. Also, a late return of the Inventory Form will be assessed a penalty.

VETERAN'S EXEMPTION

Permanent applications are available in the Selectmen's Office. We call to your attention that, if a person eligible for exemption changes his domicile, or a veteran's wife becomes a widow during the year, a new permanent application must be filed with the assessing official.

EXEMPTIONS FOR CERTAIN ELDERLY PEOPLE (C.E.P.)

These forms are for persons who qualify for reduction in their tax bills. These forms must be completed and in the Selectmen's Office on or before April 15, 1990. If there is no completed form on file, we cannot grant the Elderly Exemption. As of April 1, 1990, the three categories of exemptions are from ages 65 to 75, 75 to 79, and age 80 and over. It is your responsibility to complete a new exemption form if you change categories.

INTENT TO CUT TIMBER

Every owner, including state, county or municipality or public agency, shall prior to each cutting operation, file with the Selectmen, a Notice of Intent to Cut.

ASSESSMENT OF OPEN SPACE

No owner of land shall be entitled to have a particular parcel of his land classified for any tax year under the provisions of this chapter unless he shall have applied to the assessing officials on the form approved by the Board and provided by the Tax Commission.

PERMITS

Any person, firm, corporation, municipality, public agency, or institution desiring to operate, maintain, offer for rent, lease or tenancy any site, lot, field, tract of ground for location of any building trailer or manufactured housing, or other similar conveyance, place or abode for shelter, or any other form of development, (as defined in this Ordinance), shall obtain a written operating (building) permit from the Board of Selectmen. A fee to be set annually by the Board of Selectmen and payable to the Town of Winchester is required with the issuance of each permit. When permits are not used within one (1) year from the date of issuance, application for renewal of permit must be made, and, if granted, will not entail the payment of a new fee. Where applicable, it would be necessary to have received and to show proof

of having received, an "Approval of Construction", granted by the New Hampshire Department of Environmental Services, Water Supply and Pollution Control Division for the construction of any septic tank system (or, where applicable, a Certificate of Availability from the Winchester Board of Sewer Commissioners) before a building permit or permit to park a trailer or manufactured housing shall be issued.

MANUFACTURED HOUSING

Whenever a person moves manufactured housing into a city or town for the purpose of establishing a residence in said city or town, or whenever a person purchases existing manufactured housing with the intent of residing in the same at the existing location, he shall within 15 days of the placement of the manufactured housing or within 15 days of the purchase of same register with the assessors of the city or the selectmen of the town where he intends to reside. Whoever fails to comply with the provisions of this section shall be guilty of a violation. (RSA 72:7-b)

STREET NUMBERING

In 1987 all streets and roads in the Town of Winchester were assigned names, and street numbers were issued to each home. Prior to this project, many streets and roads were known by several names, which caused problems for emergency personnel as well as other people looking for a certain address. Our Postmaster, Richard E. Whipple, put in many hours of work to design and put this numbering system into effect. We would appreciate having every house marked with the assigned number, as well as all mailboxes. If you are not sure of your number, please call the Selectmen's Office. Your cooperation in this endeavor will help everyone.

TOWN OF WINCHESTER WATER DEPARTMENT POLICY

WINCHESTER, NEW HAMPSHIRE

Including hotels, motels, stores, markets, barber shops, restaurants, laundries, greenhouses, manufacturers, commercial industries, car wash services, farms, and building purposes, etc., rates by meter or special written agreement.

RULES AND REGULATIONS

1. Service pipes will be introduced into the premises of all persons making written application therefore to the Selectmen, providing said premises are located on some main, or distribution main of the system. The entire expense of a water line, including all pipes, curb boxes and other necessary materials and all expense of laying the water line shall be paid for by the applicant. The Water Department shall be responsible for any repairs made from the main line to the curb box; all repairs made after the curb box shall be the responsibility of the property owner. All valves are to be of rubber compression type.
2. All applications for the use of the water must be made in writing to the Selectmen (or their authorized agents) by the owner of the premises or authorized agents, and the various uses to which the water is to be applied must be fully stated. It shall not be used for any other purpose without previous notice to the Selectmen.
3. All persons taking water must keep their pipes and fixtures in good repair and protect them from frost to the service box at their own expense. They will be held liable for all damage resulting from their failure to do so.
4. They shall prevent all unnecessary waste, and water shall not be left running to prevent freezing without prior authorization from the Town.

5. The selectmen and their authorized agents shall have free access to all premises supplied with water to ascertain the quantity of water used, the manner of its use, and whether there is any unnecessary waste; also, to examine the apparatus. If any pipes or fixtures are not found in good order, they will be immediately repaired at the expense of the owner. If repairs are not made within two days after notice, the water will be shut off until such repairs are made.
6. The water rents shall be due and payable quarterly in advance and payable, at the office of the tax collector on the fifteenth day of February, May, August and November of each year, and pro rata to those dates. In all cases of non-payment of the water rents within fifteen days after the same are due, the water shall be shut off until all charges are paid. The property owner will in all cases be held liable for water rents.
7. All parties using water in stables will be charged schedule rates for the same whether it is carried by hand or through a hose.
8. The selectmen reserve the right to put in a meter at the expense of the water user, in any case, and charge for water rates corresponding to meter rates charged by works of a similar class. When water passes through a meter it may be used for any and all purposes. No person except an employee of the Water Department will be allowed to take off water meters, or tap the mains.
9. No abatement of water rents will be made by reason of disuse or diminished use unless the water has been turned off at the curb stop by the Water Department. No abatements can be made without written authority of the Board of Selectmen.
10. Owners of water takers shall also promptly give notice when the use of fixtures has been resumed or tenement re-occupied.
11. SHUTTING OFF WATER: The selectmen reserve the right to shut off the water for the purpose of making alterations or necessary repairs; and they will also restrict the use of water in case of shortage, especially in the case of large consumers and garden hose; also, they will shut off the water from any person who will disregard these rules or neglect to pay the water rents when due.
12. When a water use ban is in effect, violators will have their water turned off and the water will not be turned back on until the sum of \$20.00 has been paid (\$10.00 turn-off, \$10.00 turn-on).
13. No person shall be entitled to damages, nor to have any portion of a payment refunded for any stoppage of water for the purpose of additions or repairs, nor any stoppage for violation of these rules, nor for any purpose whatever, which in the opinion of the selectmen may be deemed necessary.
14. LETTING ON WATER: When the water has been shut off for violation of any of these rules, for non-payment of rents, or for repairs for consumer, it shall not be turned on again until the selectmen are satisfied that there will be no further cause for complaint, and the sum of \$10.00 shall have been paid for shutting off and \$10.00 for turning on the water. There shall be a \$10.00 turn-on and \$10.00 turn-off fee for seasonal usage.
15. The selectmen reserve the right to establish such rules, regulations and rates from time to time, as they may think expedient for the introduction and use of water. Water will be supplied only to such parties as conform to the rules and regulations of the selectmen.

16. If in any case it becomes necessary to shut off water from any distribution main or branch pipe, reasonable notice will be given whenever possible and in such manner as practicable. However, in the cases of emergency, notice of water stoppage will not necessarily be given.
17. No person shall in any case be allowed to open a fire hydrant except by a written permit from the selectmen, but the engineers of the Fire Department shall in all cases have control of hydrants at fires.
18. ANY person, corporation, or other entity who damages any part of the water system will be held liable for all costs of repair.
19. Water takers shall not allow persons not taking water to obtain water from their fixtures without a written permit from the selectmen.
20. If any water taker permits another, not a patron of the water works, to obtain a supply of water, the taker so permitting shall be charged double the regular rate for a full quarter and longer if said person continues to furnish water contrary to this rule.
21. No person shall park a vehicle so as to obstruct a fire hydrant or place or cause to be placed, any building material, earth, snow or other obstruction in the way of its free use by the firemen (within four feet of hydrant on all sides).
22. Consumers leaving their premises unoccupied for any length of time are especially warned to close the main house shutoff, as water is liable to escape by accident or otherwise.
23. We recommend service pipe to be three quarter inch copper K water pipe and brass or copper pipe fittings. Any non-conforming pipe, such as plastic or PVC, shall be laid on a base of six inches of fine, stone free sand, and with a minimum of twelve inches of stone free sand placed over and above the pipe. All water lines shall be inspected by the selectmen or their authorized agent, during installation. Standards for plastic or PVC pipe and fittings must conform to a minimum of one-hundred sixty pounds per square inch test or 200 lb. PSI copper tube size.
24. All new mains installed by applicants must be of ductile iron type pipe (Class 52) and accessories. No asbestos cement or transite lines shall be connected to the water system. All new mains installed by land developers must be shown on a map drawn to scale and supply necessary information such as location of mains, hydrants, corporations and curb boxes, with detailed measurements of curb boxes and corporations. A copy of scale drawings shall be submitted to the selectmen. All new water systems will be subject to inspection by the selectmen or their authorized agent during installation. All gate valves shall be resilient seat type and mechanical joints.
25. All new fire hydrants shall be installed with a shut off which will be located four feet from the hydrant. All new hydrants shall be Dresser 929. Installation of hydrants shall be inspected by the selectmen or their authorized agent during installation.
26. No person shall turn on, turn off or otherwise tamper with curb boxes without the written consent of the selectmen or their authorized agent.
27. Each individual dwelling, business, etc., must have a separate connection to the main and separate curb boxes.
28. All connections to the water system are to be done by the Water Department with proper notice given to the selectmen.

28. No connections will be made by the Water Department after the month of October through the month of April, unless authorized by the Selectmen.
29. No person shall fill a swimming pool from a hydrant, unless authorized and supervised by the Selectmen or their authorized agent.

CONSUMPTION CHARGE: First 500 Cubic Feet - \$10.00
(Where Applicable)

Next 10,000 Cubic Feet - \$.35 per Cubic Foot
\$35.00 per 100 Cubic Feet

All Over 10,500 Cubic Feet - \$.30 per Cubic Foot
\$30.00 per 100 Cubic Feet

(7.48 Gallons equals a Cubic Foot)

NON-METERED USERS: \$25.00 per quarter per household unit.

SEASONAL (UP TO 6 MONTHS): \$50.00 per year.

SPRINKLER SYSTEMS: \$75.00 per quarter.

Water line repairs will be charged to consumer.

Prior to the water being turned on at a use, all requirements of the Town of Winchester must be met (i.e., septic approval, permit to move, driveway permits, etc.).

Each application is considered on its own merits. The Selectmen reserve the right to deny any application for use that they determine will jeopardize the safety or health of current municipal water users, or will create unsafe demand on the municipal water system.

Subject to review and change by the Winchester Board of Selectmen.

ADOPTED BY:

BOARD OF SELECTMEN
April 6, 1988

Detailed Water Policy Specifications were adopted by Board of Selectmen on August 9, 1989. Copies available through the Water Department.

NOTE: Water Certificate of Availability was adopted by Board of Selectmen on September 6, 1989.

TOWN OF WINCHESTER

4. Highly volatile products.
5. Motor vehicles, boats and parts thereof.
(Cars, trucks, motorcycles, busses, trailers, etc.)
6. Asbestos waste.
7. Batteries other than vehicle batteries
(Flashlight and game)
8. Hazardous waste- Residential, Commercial and Industrial.

9. Any material, which in the opinion of the Town personnel constitutes a serious hazard to other users, to the property of the Town or to the employees, will not be accepted.
10. Hospital, nursing home and veterinarian materials and waste. These materials will not be received unless prior permission and arrangements have been made.
11. Any material listed in the New Hampshire RSAs or the Solid Waste Division Administrative Rules.
12. Any material listed on the Transfer Station operation permit.
A hazardous waste drop-off center may be established by the Town of Winchester where materials listed in Items #2, 4, 7, and 8 can be collected.

Anyone wanting to dispose of the materials listed above should seek guidance from the State Department of Environmental Services.

IV. SUPERVISION:

The Landfill-Recycling Attendant shall have the right to refuse the use of the Facility to any person, corporation, or other user who is misusing the Facility, or is violating this Ordinance, or who does not have the proper permit, or the necessary tickets to cover the costs incurred under the Unrecycled Waste Option. Any such user who refuses to obey the legitimate orders of the Attendant shall be guilty of a violation of this Ordinance.

V. BURNING:

No burning shall be allowed at the Facility except at the direction and supervision of the District Fire Warden and the Town Selectmen.

VI. FIREARMS:

The discharge of firearms is prohibited at the Facility.

VII. ORIGIN OF MATERIAL DISPOSED OF AT FACILITY:

Only material collected within the limits of the Town of Winchester or such other Towns as approved by the Selectmen, shall be disposed of at the Landfill-Recycling Facility.

VIII. COMMERCIAL HAULERS:

A commercial hauler shall mean anyone who hauls materials to the disposal facility for others for a fee. All persons or corporations engaged in the commercial hauling of rubbish materials, etc., must first obtain a permit from the Board of Selectmen after payment of a permit fee of One Hundred Dollars (\$100.00) per year and also furnish to the Town of Winchester a Five Thousand Dollar (\$5,000.00) Surety Bond or a deposit of Five Hundred Dollars (\$500.00) cash to ensure the compliance with the terms of this Ordinance. A copy of the permit shall be kept in the commercial vehicles at all times.

IX. TRESPASS:

The gate will be locked at all times when the Landfill-Recycling Facility is not open to the public. Anyone entering the Landfill-Recycling Facility when the gate is locked is guilty of trespass and shall be charged with violating the terms of this Ordinance.

X. UNRECYCLED WASTE:

The Town is aware that some persons and business will find it difficult, if not impossible, to recycle waste material.

- A. Taking the above fact into consideration, together with the evidence that such unrecycled waste material will create additional expense for the Town in recycling or removing said material from the Landfill-Recycling Facility, the following fees will be assessed by the Town against the registered holder of the numbered permit attached to the motor vehicle at the facility, for unsorted material brought to the facility in that vehicle.
1. \$10.00 per trip for any passenger vehicles (Sedans, convertibles, station wagons)
 2. \$20.00 per trip for any trucks, vans, and trailers to two and one-half tons capacity.
 3. \$50.00 per trip for any trucks, vans and trailers of over two and one-half tons capacity (excluding commercial packers).
 4. \$6.00 per cubic yard for commercial packers and roll off containers based on rated unit capacity.

- B. The Board of Selectmen, after conducting a public hearing, may adjust said Landfill fees to reasonably reflect the actual cost to the Town of handling and disposing of unrecycled waste material.

XI. COLLECTION OF LANDFILL FEES:

- A. Landfill Permits - All Landfill Permits will be numbered by the Board of Selectmen and issued to a specific individual, company or institution. Each permit must be attached to a motor vehicle and must be plainly visible.
- B. Landfill Tickets 1.) The Registered holder of the Landfill permit agrees to purchase the necessary tickets from the Selectmen's Office to cover the costs incurred by the Town if said holder chooses the "Unrecycled Waste Option" over the "Recycling Option". The Landfill Attendant shall collect the tickets from said registered holder equal to the fee schedule in Section 10 of this Ordinance. 2.) Tickets shall be purchased for the following items. The fees shall be as shown and subject to revision by the Town Selectmen.

SEPARATION OF GOODS:

1. White Goods (household goods must be kept separate from all other waste. An additional fee of \$10.00 per large appliance will be charged.
2. Hard Metals (steel shafting, castings, etc.) must be kept separate from all other waste. An additional fee of \$10.00 per truck load will be charged.
3. Tires and Heavy Rubber Goods must be kept separate from all other waste. An additional fee of \$2.00 per car tire and \$5.00 per truck tire will be charged.

XII. EXEMPTION:

In special circumstances the fees may be waived by the Board of Selectmen.

XIII. PENALTY:

Any person or Corporation convicted of violating any provision of this Ordinance or the directives of the Landfill-Recycling Attendant may have their privilege of Landfill-Recycling use revoked, as determined by special hearing with the Town Selectmen.

XIV. SEPARABILITY:

The invalidity of any provision of this Ordinance shall not affect the validity of any other provision nor the validity of the Ordinance as a whole.

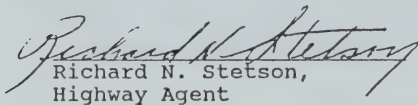

XV. This Ordinance shall automatically repeal any other Ordinance that is in conflict with this Ordinance.

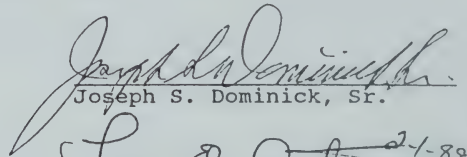

XVI. EFFECTIVE DATE:

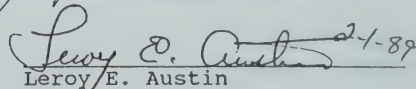

This Ordinance shall take effect as follows:

April 1, 1989	Residential Users, Commercial Haulers, Business, Industry and Schools

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL STRUCTURE
RELATED MATTERS NOTED IN A FINANCIAL STATEMENT AUDIT
CONDUCTED IN ACCORDANCE WITH GOVERNMENTAL AUDITING STANDARDS

JUNE 30, 1989

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL STRUCTURE
RELATED MATTERS NOTED IN A FINANCIAL STATEMENT AUDIT
CONDUCTED IN ACCORDANCE WITH GOVERNMENTAL AUDITING STANDARDS**

To the Board of Selectmen
Town of Winchester, New Hampshire

We have audited the financial statements of the Town of Winchester, New Hampshire for the year ended June 30, 1989, and have issued our report thereon dated October 17, 1989.

We conducted our audit in accordance with generally accepted auditing standards and Governmental Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to reasonable assurance about whether the financial statements are free of material misstatement.

In planning and performing our audit of the financial statements of the Town of Winchester, New Hampshire for the year ended June 30, 1989, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

The management of the Town of Winchester, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objective of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories.

ACCOUNTING APPLICATIONS

Billings
Receivables
Cash receipts
Purchasing and receiving
Accounts payable
Cash disbursements
Payroll

GENERAL REQUIREMENTS

- Political activity
- Davis-Bacon Act
- Civil rights
- Cash management
- Relocation assistance and real property acquisition
- Federal financial reports

SPECIFIC REQUIREMENTS

- Types of services
- Eligibility
- Matching, level of effort or earmarking
- Reporting
- Cost allocation
- Specific requirements, (if applicable)
- Monitoring subrecipients, (if applicable)

For all of the control categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

Our consideration of internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

However, we noted other matters involving internal control structure and its operations that we have reported to the management of the Town of Winchester, New Hampshire in a separate letter dated October 17, 1989.

This report is intended for the information of management, and the Board of Selectmen. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

TOWN BEACH REPORT

The Town Beach opened May 30th and closed Labor Day. We have the same members on the Beach Committee that we had last year and for many other years, all volunteers that meet and plan what needs to be done.

It had been suggested in the past that the Lake Road be tarred. It was a great surprise when all the equipment and personnel appeared to do the road. Mr. Stetson had said for a long time that it needed to be done to preserve what surface we already had.

The other large project was putting guard rails to the beach walls to help people going down the cement steps. Michael Higgins and George Jutras donated their time and efforts. Michael initiated the project and George was the helper. The guard rail is of an all welded steel construction which is securely anchored to the cement wall. Thanks again Mike!

The dam is now open at the outlet - this is an opportunity for those who wish to clean their beach.

Expenditures - Life guards and two new buoys, electricity, insurance on building and the pay phone.

Our Regatta - held in July for its third year - was a huge success, although we were almost rained out. Breakfast was served at the concession building consisting of pancakes, sausages, bacon, coffee and juices.

We had the boat parade after breakfast. The judges were out in the rain with umbrellas. Everyone was invited to Dick Secord's camping area and to his large recreation hall where bingo playing and prizes were awarded. Plans were also formulated for next year's Regatta.

In conclusion, the Beach Committee want to thank Timothy Labelle, Scout Master and his scouts for their help in cleaning up the park and winter accumulations on the Beach.

1988-1989 has been rather a quiet year, however much was accomplished. The library was closed for three weeks in March for a complete inventory of the Non-Fiction section. Many older books were discarded at this time and were put into the book sale in July. Many call numbers were changed to keep in tune with the newer extended Dewey system.

In May we displayed quilts made by Erica Ryll's Home Economics class. Many people came in to see them.

The Summer Reading Program was conducted by Jennie Lu Hill, using Dinosaurs as the theme. The children enjoyed reading our many books dinosaurs, looking at the posters and the plastic dinosaur models.

Two organ concerts were held during the summer on the Henry Pratt organ. Both concerts were well attended.

In 1918 Cordelia Hinds Wheeler left a bequest of 170 oil paintings to our library. As these were all unmounted, the Trustees employed Mr. Philip Plaistridge, a local artist, to mount these on Bristol Board. They were stored in an upstairs closet. Whether anyone knew who she was at that time, I do not know. Three years ago a gentleman visited our library and became interested in the restoration of some of these paintings. Several have now been restored and are very beautiful.

During 1990 we will observe the 100th Anniversary of our beautiful building. We are looking forward to having several events in connection with this.

I would like to thank everyone who has donated books and magazines for our library and for the summer book sale.

DIRECTOR'S ANNUAL REPORT

Arthur H. Howes
Director

1989

When a list of improvements and work projects done at the E.L.M. Community Center is put to paper, the list becomes quite impressive:

Early in 1989 a grant from United Way gave us \$3,000.00 towards our newly installed furnace under the Alleys.

Jim Blair did extensive repairs to the electrical components in the alleys, as well as work in the Scout Room, and lighting the fire escape next to the auditorium. Frank Amarosa replaced the galvanized piping in the main house, and we now have hot water in the Senior Citizen's Room. The tennis courts were resurfaced.

1989 saw the revival of the Winchester Community Theater under the guidance of Mike & Jan Haman ("Ten Nights in a Bar-room") and Joe La Vigne ("You Can't Take It With You").

Two water main valves were replaced in the parking lot serving both buildings. Herb Maynard made adjustments on the heating system in the main house. A FREE furnace was received and sits in the cellar for future use, in the house. A major improvement was the painting of the auditorium and alleys by Norman Corless, from Greenfield, N.H.

Skip Avery has been very busy as our carpenter. Lights were installed on the rear of the auditorium to make it easier to get to the Scout Room and Range, and to use the ice rink at night. Repairs were made to the fire escape and a new fire door was installed next to the stage. The cellar door and stairs off the alleys were relocated thus making another fire exit possible. The main house was sealed for winter, on the first and second floors. Two windows were replaced in the auditorium. A temporary ramp was made for the auditorium. There is now a new water bubbler outside the auditorium for the Day Campers and all others to use. It is a good feeling to look back and see all that was done to improve the Center for the use of the town's people.

There are a couple of needs that need to be addressed as we enter 1990. Work needs to be done on the play ground to make it a safe place to play. The parking lot and drive way are going to need work in the near future. Plans are still under way to create a new room under the auditorium, possibly for a weight-lifting program. A permanent ramp for the auditorium is in the planning stage.

The Flea Market (our fifth) continues to grow. This season we were open each Saturday, if the weather allowed it. The public continues to support this project. The Board of Trustees voted to allow any non-profit group in the community one free set-up at the Flea Market each season. Comments about the Annual Christmas Bazaar indicated that this last one was the "best ever".

"THE CENTER OF ATTRACTIONS"

"Project 239" is still alive. This ride/share program was set up to help people in town with a ride to and from the doctor's office in Winchester (sometimes to Keene), or to get a ride to the bus pick-up at the bank, so they could "catch the bus to Keene". Donna Caldwell is doing a great job as coordinator for this program. For more information, call the Center at 239-4316. VOLUNTEERS can always be used to help the program work.

Summer Day Camp is still a big program at the Center. We averaged 80 campers each day, and expanded our program to include day trips. Trips to the Children's Museum in Keene, Friendly Farm in Dublin, Greenfield State Park, and Route 10 Pizza were all enjoyed by the campers; our staff received the best compliments at each place we visited. Chris Leveille continued to add direction and guidance to our over-all program. We are going to miss the leadership and enthusiasm of "Cookie" at the waterfront. Everyone will remember Mr. (Henry) Parkhurst for his Spirit and leadership, and eating watermelon!

For our first time we have group leaders working with the campers. Marina La-Chapelle had grades 1 & 2; Linda Hodgman had grades 3 & 4; Anne Deane had grades 5 & 6. There were seven L.I.T.s (Leader In Training) assisting the group leaders: Tori Bonnett, Erica Davenport, Marlee Leveille, Neil Stetson, Kristy Stephens, Karen Sullivan, Becky Merchant. One lesson well learned this year was that "Paid Staff are much more reliable." One highlight of this summer was when some 40 of the campers participated in a Swim-For-Heart Program and raised over \$500.00 for this cause!

Pee Wee and Little League continue to grow as does the Girl's Softball League. The basketball court seems to be in use 24 hours a day. Remote car racing was started on the ice rink during the summer; they moved indoors in the auditorium, as it got colder.

The bowling alleys continue to draw many people to the Center. Before Sandy Francis left in November, she had set up new leagues. Mike Prentice is running the different leagues, now. Sunday, Tuesday, Wednesday, Thursday and Friday nights one will find him in the alleys. Birthday parties and private parties can be arranged with Mike by calling 239-8809 (alleys). Groups from T.H.S. and W.E.S. continue to come down during the daytime. Brad Silver donated enough large tubes to fill two of the alley gutters as "bumbers". The youngsters at Day Camp and Birthday Parties now hit the pins more often.

Many hours have gone into creating an After School Program for children in the W.E.S. (K-6). By early in 1990 a supervised After School Program should be in place. There are other groups and organizations using the facilities, including: Rifle Clubs, Snowmobile Club, Boy Scouts, Brownie, Cadet and Girl Scouts, Mineral Club, Ceramics classes, Woman's Club, Senior Citizens, L-H Club, Visiting Nurses, Bingo, Grange, and the Video Arcades and pool tables in the Scout Room for the local teens. "Devine Rite", a T.H.S. group had a Rock & Roll Concert in early December; they plan more in the future.

Remember, the facilities at the Center are available for rentals. We even had a wedding performed in the auditorium! Also, the door is open for your visit and tour.

Ed Bergeron is still with us working for the Green Thumb Program. A special "Thanks" to Ed for his custodial tasks and keeping the place clean for us.

HOME HEALTH CARE AND COMMUNITY SERVICES, INC.
REPORT TO THE TOWN OF WINCHESTER
JANUARY 1, 1989 - DECEMBER 31, 1989

ANNUAL REPORT

In 1989, Home Health Care and Community Services continued to provide home care and community services to the residents of Winchester. The following information represents a projection of Home Health Care and Community Services' activities in your community in 1989. The projection is based on actual services provided from January through September 1989 and an estimate of usage during October, November and December.

SERVICE REPORT

<u>SERVICES OFFERED</u>	<u>SERVICES PROVIDED</u>	<u>SERVICES SUPPORTED PARTIALLY OR TOTALLY BY THE TOWN</u>
Nursing	508 Visits	123 Visits
Child Health Nursing	5 Visits	5 Visits
Physical Therapy	192 Visits	43 Visits
Speech Pathology	159 Visits	46 Visits
Occupational Therapy	68 Visits	28 Visits
Homemaker	547 Hours	547 Hours

Medical Social Worker	5 Visits	5 Visits
Nutritionist	6 Visits	6 Visits
Office Visits	7 Visits	7 Visits
Meals-On-Wheels	6,701 Meals	6,701 Meals

Total Unduplicated Residents Served: 135

In addition to the above listed activities, regularly scheduled blood pressure clinics, child health clinics, telephone and consultations were made available to your residents throughout the year. Town funding, in part, supported these additional services.

FINANCIAL REPORT

The actual cost of all services provided in 1989 with all funding sources is projected to be \$110,723.00.

These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants and patient fees. Services that were not covered by other funding have been supported by your town.

For 1990, we recommend an appropriation of \$31,070.00 to continue home care and \$3,687.00 for the Meals-On-Wheels Program to continue services at the current level.

Thank you for your consideration.

WINCHESTER POLICE DEPARTMENT
ANNUAL REPORT, 1989

1990 is here and this is my tenth report as your Police Chief. I can honestly say, I feel twenty years older. As I review my last nine reports, I feel a great sense of pride in the Town of Winchester's achievements in the area of Law Enforcement.

The main objective of your Police Department has not changed in the past ten years. We do not want to load up on expensive equipment and grandstand while investigating crime; we want to keep our police efforts aimed at preventing crime.

This does not mean we are not capable of conducting major investigations, we have solved nearly all of the serious crimes committed in this town over the past few years. We have also solved serious crimes in other border towns which were committed by people living in Winchester or crimes that affected the citizens of Winchester. We have done what we are paid to do and we have done it well.

Training is the key to our success and increased training remains our goal.

We must keep the quality of life in Winchester from deteriorating by protecting our town assets and supporting the E.L.M. Community Center, Monadnock Family Health Services, the Local Clinic, our Churches and our State Park.

In the 1990's, we must continue to protect our Senior Citizens from crime and assist them in whatever way possible, to ensure that their senior years are happy ones for them.

Through our current policy of meeting once a month with officials from the Schools, we are determined to help our youth and their parents in resolving any of the numerous problems which can lead to delinquency, truancy or abuse. Together with parents and school officials, we will attempt to keep drugs and alcohol from effecting our children, either at school or at home. Quicker identification of children with problems on the part of school personnel, is helping your Police Department to provide proper support to the school and parents.

In the areas where we have made improvements over the past several years, such as, keeping your homes safe, deterring vandalism and protecting our businesses, we will continue to enforce the same measures that led to the decrease in these types of activities.

With our current budget request, we will be able to do the things described above and at the same time ensure our Police Officers are compensated for their dedication and professional service to the Town.

I thank the citizens of Winchester for their support through the 1980's and hope that I am able to serve you through the 1990's.

Respectfully submitted,

James E. Harrison, Chief
Winchester Police Department

BOARD OF SEWER COMMISSIONER'S REPORT
OF
WINCHESTER WASTEWATER FACILITY

Update on Ashuelot Village Sewers:

Force Main and Gravity Sewers in Ashuelot are all complete except for about 60 to 75 feet right at Broad Brook. Fiddle Hill sewer and replacement water lines are complete. On Broad Brook Road the sewer is complete and the water line replacement is about 60% done. The weather closed in and the water line completion and paving on Broad Brook will now have to wait until spring. Fenton Hill and Fullam Pond Road sewers will also be completed this spring. At the end of 1989, construction was 70% complete. Work on both pump stations are continuing through winter months. Pipe work should resume at the end of April and be complete by the end of June. The target will be to accept sewerage for start-up and testing of the pump stations by the end of June or the beginning of July.

New Billing Procedures:

As of January 1, 1990, the complete billing process for Sewer User's Fees are handled through the Sewer Department. Payments may be remitted at the Sewer Plant located on Duso Road Monday through Friday between the hours of 7 am to 3 pm. They may also be mailed to the Winchester Sewer Dept., P.O.Box 464, Winchester, NH 03470.

July 1, 1988 - June 30, 1989

During the sixth year of the Town's community development effort, much has been achieved. The Ashuelot Sewer Project has started with a grant written by this office. Hoyle, Tanner, and Associates are administering this grant.

The Target Properties Project for 86 was completed, including the rehabilitation of numerous apartments and single room occupancies. Work has continued on the Main Street Project, including rehabilitation of apartments and private homes. Several emergency projects were successfully completed.

TOWN OF WINCHESTER, N.H.

Report of the Industrial Development Committee

The Industrial Development Committee has continued to meet regularly since its report of last year. The current members of the committee are Chair, Paul Greenleaf, Carolyn Nicholson, Ronald Maynard, Bruce Lawrence and Charles Gratton. The Selectmen's office has been represented by either Ted Ryll or Leroy Austin at many of our meetings. This year's appropriation to the committee was used to prepare a grant to the Office of State Planning. We were awarded \$6000 to hire a consultant to assess the feasibility of developing an industrial park. We are presently in the process of selecting the consultant for the project. We anticipate a final report, providing the town with a strategy for such development from the consultant by August, 1990.

The next step may well be to develop and implement a plan which might include infrastructure and site improvement in partnership with the private sector. To that we may again seek funding from the Office of State Planning for economic and community development. To do that would require professional grant-writing assistance for which we have requested funding in next year's town appropriation.

In addition to the grant, the committee advised in the re-development of part of the former Bick property, owned by Steven Poitras of Henry Architectural. Since then, Milltronics, an electronics firm has moved into the "old fire station" building.

The IDC also proposed three zoning changes on this year's Town Meeting ballot. Two properties off the Old Ashuelot Road and one on Richmond Road were proposed for rezoning to commercial properties. The intent was to give the voters the opportunity to increase the areas available for commercial development.

With the area's economy slowing down somewhat, the competition for attracting business has become even greater. There is much that can and needs to be done. There are openings on the Industrial Development Committee for any resident who has energy and a commitment to Winchester's future. The committee meets on the 2nd and 4th Tuesday evenings at 7:30 PM in the basement of Town Hall. Interested persons are urged to contact the selectmen or any committee member.

LAWS RELATING TO TRUST FUNDS

R.S.A., Chapter 31

19. In General. Towns may take and hold in trust gifts, legacies and devises made to them for the establishment, maintenance and care of libraries, reading-rooms, schools and other educational facilities; parks, cemeteries and burial lots; the planting and care of shade and ornamental trees upon their highways and other public places; and for any other public purpose that is not foreign to their institution or incompatible with the objects of their organization.

19-a. Trust Funds Created by Towns. Towns may at any annual meeting grant and vote such sums of money, as they deem necessary to create trust funds for the maintenance and care of libraries, reading-rooms, schools and other educational facilities; parks, cemeteries and burial lots; the planting and care of shade and ornamental trees upon their highways and other public places; and any other public purpose that is not foreign to their institution or incompatible with the objects of their organization.

20. For Cemeteries. Towns shall take and hold in trust gifts, legacies and devises made to them for the care of cemeteries and burial lots when the terms of the gift, legacy or devise do not impose any liability upon the town beyond the amount of the gift, legacy or devise and the income thereof.

21. Funds of Cemetery Associations, etc. Towns may receive from cemetery associations or individuals funds for the care of cemeteries or any lot therein, and the income thereof shall be expended by the town in accordance with the terms of the trust or contract under which the funds were received.

22. Trustees. All such trusts shall be administered by a board of 3 trustees, unless a town at an annual or special town meeting votes that such trusts shall be administered by a board of 5 trustees. In towns with a board of 3 trustees, one trustee shall be elected by a ballot at each annual town meeting for a term of 3 years. In towns with a board of 5 trustees the 2 additional trustees shall be appointed informally by the selectmen, one for one year and one for 2 years. Thereafter all trustees shall be elected by ballot at the annual town meeting in replacement of those whose terms expire. The term of each trustee shall be 3 years. Vacancies shall be filled by the selectmen for the remainder of the term. In cities said trustees shall be chosen and hold their office for such term as shall be provided for by city ordinance. Trustees shall originate by electing one of their number bookkeeper, who shall keep the records and books for the trustees, and shall require a voucher before making any disbursement of funds from said trusts.

22-a. Cy Pres, Cemetery Trust Funds. Upon petition of a majority of the board of trustees and upon a finding that it is in the public interest, the superior court may direct the application of any accumulated excess trust income for the general care, capital improvements to or expansion of the cemetery relative to which the particular trust applies. The court shall determine from the terms of the particular trust whether the excess income accumulation of the particular burial lot trust fund will not be required for the care of the burial lot in the foreseeable future. In determining this requirement the court shall consider:

- I. The financial status of the trust account
- II. A projection of future interest rates
- III. A projection of future labor costs necessary to maintain the lot

23. Single Trustee. A town wherein the total book value of trust funds is less than fifteen thousand dollars, acting under an appropriate article in the warrant for any annual town meeting, may vote that the board shall consist of one trustee only, in which case said trustee shall be chosen by ballot at the same and each succeeding annual town meeting, and such vote may be recorded in like manner. All the duties and obligations imposed by law upon a board of trustees shall devolve upon the trustee so chosen, vacancies shall be filled by the selectmen for the remainder of the year, and said trustee shall receive from the town treasury such compensation as the town meeting may determine.

24. Trustees; Expenses. The expenses of trustees or the trustee provided for in RSA 31:23 shall be charged as incidental town charges.

25. Custody; Investments. The trustees shall have the custody of all trust funds held by their town. The trusts shall be invested only by deposit in some savings bank or in the savings department of a national bank or trust company in this state, or in shares of any building and loan association or co-operative bank, incorporated and doing business under the laws of this state, or in the shares of any federal savings and loan association, located and doing business in this state, or in bonds, notes or other obligations of the United States government, or in state, county, town, city school district, water and sewer district bonds and the notes of towns or cities in this state, and such stocks and bonds as are legal for investment by New Hampshire savings banks and when so invested, the trustees shall not be liable for the loss thereof, and in any common trust fund established by the New Hampshire Charitable Fund in accordance with RSA 292:23. The trustees may retain investments as received from donors, until the maturity thereof.

25-a. Retention of Nonlegal Securities. Any security which at the time of its purchase under RSA 31:25 constituted a legal investment by New Hampshire savings banks under the laws and conditions then existing may be retained notwithstanding the fact that, because of changes in the law relating to legal investments or because of conditions arising subsequent to the purchase of such security its purchase might not then be legal provided, however, that no such security that is not a prudent investment under the circumstances existing at the time of its retention and thereafter shall be retained by the trustees, and provided further that the aggregate total of the market value of all securities retained under this section shall not exceed 20 percent of the total market value of all the investments held by the trustees.

25-b. Prudent Investment Defined. For purposes of RSA 31:25-a, a prudent investment is one which a prudent man would purchase for his own investment having primarily in view the preservation of the principal and the amount and regularity of the income to be derived therefrom.

25-c. Report to the Attorney General. The trustees shall report annually in the attorney general's office any securities retained under the provisions of RSA 31:25-a, which shall appear as an addendum to the annual report required to be filed under RSA 31:38.

26. Investments by Single Trustee. In towns which have chosen a single trustee of trust funds such funds shall be invested only by deposit in some savings bank or in the savings department of a national bank or trust company in this state, or in shares of any building and loan association or co-operative bank, incorporated and doing business under the laws of this state, or in the shares of any federal savings and loan association located and doing business in this state, or in bonds, notes or other obligations of the United States government, or in state, county, town, city school district, water and sewer district bonds and the notes of towns

or cities in this state and when so invested the trustee shall not be liable for the loss thereof and in any common trust fund established by the New Hampshire Charitable Fund in accordance with RSA 292:23. The trustee may retain investments as received from donors until the maturity thereof.

27. Collective Investments. Notwithstanding any statute or rule of law to the contrary town and city trustees of trust funds may establish, maintain and operate one or more common trust funds in which may be combined money and property belonging to the various trusts in their care, for the purpose of facilitating investments, providing diversification and obtaining reasonable income, provided however, that said common trust funds shall be limited to the investments authorized in section 25 of this chapter, provided further, that not more than ten thousand dollars, or more than ten percent of the fund whichever is greater, of any town or city common trust funds shall be invested under section 25 in the obligations of any one corporation or organization, excepting deposits in savings banks, or in the savings department of a national bank or trust company in this state, or in shares of any building and loan association or co-operative bank, incorporated and doing business under the laws of this state, or in the shares of any federal savings and loan association, located and doing business in this state, or in obligations of the United States and of the state of New Hampshire and its subdivisions, or in participation units of any common trust funds established by the New Hampshire Charitable Fund in accordance with RSA 292:23, and provided further, that the participating contributory interests of said trusts are properly evidenced by appropriate bookkeeping entries showing on an annual basis the capital contribution of and the profits and income allocable to each trust.

27-a. SPP. **28. Exception.** The provisions of section 27 shall not apply where the instrument creating the particular trust specifically prohibits collective investments or where such investment shall violate any specific court order made in any particular trust.

29. Contributions and Withdrawals. Contribution to any common trust fund shall be made on the basis of its market value at the time such contribution is recorded in the books of the trustees. The withdrawal of a particular trust fund from any common trust fund shall be made proportionately on the basis of the market value of said common trust fund at the time such withdrawal is recorded in the books of the trustees.

30. Liberal Construction of Provisions. The provisions of sections 25, 27-29, and 38 of this chapter shall be construed liberally to effectuate the purposes stated in section 27.

31. Trust Funds for Districts. Except where otherwise specifically provided in the charter of a city or by special act of the legislature whenever a gift, legacy or devise shall be made in trust to a school district, village district, or any subdivision of a town and accepted by it, the same shall be held in custody and administered by the trustees of trust funds of such town or in case of districts embracing two or more towns by the trustees of trust funds of that town which the voters of said district may elect. The governing body of any such district or subdivision shall expend such district or subdivision trust funds, or the income thereof to be expended, consistently with the terms of the trust. The provisions of section 32 shall not apply to expenditures of district or subdivision trust funds.

32. Expenditures. Trust funds, or the income thereof, to be expended, shall be paid to trustees or agents of the town established to carry out the objects designated by such trusts and, if there be no such trustees or agents, then such expenditures shall be made by the full board of town trustees.

33. Audit and Publication of Reports of Trustees.

I. The accounts of the trustees shall be audited annually by the auditor of the town. The securities shall be exhibited to the auditor, and he shall certify the facts found by his audit and the list of all securities held. The trustees shall submit to the auditor a detailed statement of the securities held by them and the particular trust to which they belong, and exhibit to him a statement of all receipts and expenditures with proper vouchers.

II. The legislative body of a town may authorize the printing of the reports of the trustees and of the auditor in summary form rather than in full detail in the annual town report.

III. In a year in which a town accepts gifts, legacies and devises for any trust created, the trustees and auditor shall print the names of the donors and the value of such gifts, legacies and devises at the time of donation in the annual town report.

34. Records. The trustees shall keep a record of all trusts in a record book, which shall be open to the inspection of all persons in their town.

35. Compensation of Bookkeeper. The bookkeeper of the trustees shall receive such compensation as the town meeting may determine.

36. Bank Deposits. Deposits in savings banks shall be made in the name of the town which holds the same in trust, and it shall appear upon the book thereof that the same is a trust fund.

37. Payment by Towns. Each town shall pay to the trustees the full amount of its trust funds.

38. Reports. A copy of the reports required of the town and city trustees and of the auditor thereof shall be filed annually with the attorney general.

38-a. Professional Banking Assistance.

I. The provisions of RSA 31:19 through 31:38 as amended shall remain in full force and effect. This section is intended only to provide help to trustees covered by this subdivision by enabling them to have professional banking assistance in the performance of their duties as trustees.

II. Bank, as used in this section means a savings bank, national bank or trust company in this state, any building and loan association or co-operative bank, incorporated and doing business under the laws of this state or any federal savings and loan association located and doing business in this state.

III. Any trustee or trustees of trust funds authorized by this chapter may hire or employ the trust department or departments of a bank or banks to assist in the management and investment of trust fund resources or to provide bookkeeping services in connection therewith or to do both. They may also place securities in the nominee name of a trust department or departments to facilitate transfers for such securities. Trust fund records maintained by any bank must be available at all times for examination by local auditors, by independent accountants or auditors retained by a municipality, or by the auditors of the department of revenue administration, and such records shall be for permanent records and property.

IV. Any expenses incurred pursuant to paragraph III of this section by a trustee or trustees of trust funds authorized by this chapter shall be charged against the trust funds involved and shall be identified and reported in the annual report of the trustee or trustees as expenditures out of trust funds made pursuant to RSA 31:36, III.

LAWS RELATING TO TRUST FUNDS

R.S.A., Chapter 31

19. In General. Towns may take and hold in trust gifts, legacies and devises made to them for the establishment, maintenance and care of libraries, reading-rooms, schools and other educational facilities, parks, cemeteries and burial lots, the planting and care of shade and ornamental trees upon their highways and other public places, and for any other public purpose that is not foreign to their institution or incompatible with the objects of their organization.

19-a. Trust Funds Created by Towns. Towns may at any annual meeting grant and vote sums of money as they deem necessary to create trust funds for the maintenance and care of libraries, reading rooms, schools and other educational facilities, parks, cemeteries and burial lots, the planting and care of shade and ornamental trees upon their highways and other public places, and any other public purpose that is not foreign to their institution or incompatible with the objects of their organization.

20. For Cemeteries. Towns shall take and hold in trust gifts, legacies and devises made to them for the care of cemeteries and burial lots when the terms of the gift, legacy or devise do not impose any liability upon the town beyond the amount of the gift, legacy or device and the income thereof.

21. Funds of Cemetery Associations, etc. Towns may receive from cemetery associations or individuals funds for the care of cemeteries or any lot therein, and the income thereof shall be expended by the town in accordance with the terms of the trust or contract under which the funds were received.

22. Trustees. All such trusts shall be administered by a board of 3 trustees, unless a town at an annual or special local meeting votes that such trusts shall be administered by a board of 5 trustees. In towns with a board of 3 trustees, one trustee shall be elected by a ballot at each annual town meeting for a term of 3 years. In towns with a board of 5 trustees the 2 additional trustees shall be appointed initially by the selectmen, one for one year and one for 2 years. Thereafter all trustees shall be elected by ballot at the annual town meeting to replace those whose terms expire. The term of each trustee shall be 3 years. Vacancies shall be filled by the selectmen for the remainder of the term. In cities and trustees shall be chosen and hold their office for such term as shall be provided for by city ordinance. Trustees shall organize by electing one of their number bookkeeper, who shall keep the records and books for the trustees, and shall require a voucher before making any disbursement of funds from said trusts.

22-a. Cy Pres, Cemetery Trust Funds. Upon petition of a majority of the board of trustees and upon a finding that it is in the public interest, the superior court may direct the application of only accumulated excess trust income for the general care, capital improvements to or expansion of the cemetery relative to which the particular trust applies. The court shall determine from the terms of the particular trust whether the excess income accumulation of the particular burial lot trust fund will not be required for the care of the burial lot in the foreseeable future. In determining this requirement the court shall consider:

- I. The financial status of the trust account.
- II. A projection of future interest rates.
- III. A projection of future labor costs necessary to maintain the lot.

23. Single Trustee. A town wherein the total book value of trust funds is less than fifteen thousand dollars, acting under an appropriate article in the warrant for any annual town meeting, may vote that the board shall consist of one trustee only, in which case said trustee shall be chosen by ballot at the same and each succeeding annual town meeting; and such vote may be rescinded in like manner. All the duties and obligations imposed by law upon a board of trustees shall devolve upon the trustee so chosen; vacancies shall be filled by the selectmen for the remainder of the year; and said trustee shall receive from the town treasury such compensation as the town meeting may determine.

24. Trustees; Expenses. The expenses of trustees or the trustee provided for in RSA 31:23 shall be charged as incidental town charges.

25. Custody; Investments. The trustees shall have the custody of all trust funds held by their town. The funds shall be invested only by deposit in some savings bank or in the savings department of a national bank or trust company in this state, or in shares of any building and loan association or co-operative bank, incorporated and doing business under the laws of this state, or in the shares of any federal savings and loan association, located and doing business in this state, or in bonds, notes or other obligations of the United States government, or in state, county, town, city, school district, water and sewer district bonds and the notes of towns or cities in this state; and such stocks and bonds as are legal for investment by New Hampshire savings banks and when so invested, the trustees shall not be liable for the loss thereof; and in any common trust fund established by the New Hampshire Charitable Fund in accordance with RSA 292:23. The trustees may retain investments as received from donors, until the maturity thereof.

25-a. Retention of Nonlegal Securities. Any security which at the time of its purchase under RSA 31:25 constituted a legal investment for New Hampshire savings banks under the laws and conditions then existing may be retained notwithstanding the fact that, because of changes in the law relating to legal investments or because of conditions arising subsequent to the purchase of such security, its purchase might not then be legal; provided, however, that no such security that is not a prudent investment under the circumstances existing at the time of its retention and thereafter shall be retained by the trustees; and provided further that the aggregate total of the market value of all securities retained under this section shall not exceed 20 percent of the total market value of all the investments held by a trustee.

25-b. Prudent Investment Defined. For purposes of RSA 31:25 a, a prudent investment is one which a prudent man would purchase for his own investment having primarily in view the preservation of the principal and the amount and regularity of the income to be derived therefrom.

25-c. Report to the Attorney General. The trustees shall report annually to the attorney general any securities retained under the provisions of RSA 31:25 a, which shall appear as an addendum to the annual report required to be filed under RSA 31:38.

26. Investments by Single Trustee. In towns which have chosen a single trustee of trust funds such funds shall be invested only by deposit in some savings bank or in the savings department of a national bank or trust company in this state, or in shares of any building and loan association or co-operative bank incorporated and doing business under the laws of this state, or in the shares of any federal savings and loan association located and doing business in this state, or in bonds, notes or other obligations of the United States government, or in state, county, town, city, school district, water and sewer district bonds and the notes of towns

or cities in this state and when so invested the trustee shall not be liable for the loss thereof, and in any common trust fund established by the New Hampshire Charitable Fund in accordance with RSA 292:23. The trustee may retain investments as received from donors until the maturity thereof.

27. Collective Investments. Notwithstanding any statute or rule of law to the contrary, town and city trustees of trust funds may establish, maintain and operate one or more common trust funds, in which may be combined money and property belonging to the various trusts in their care, for the purpose of facilitating investments, providing diversification and obtaining reasonable income, provided however, that said common trust funds shall be limited to the investments authorized in section 25 of this chapter, provided further, that not more than ten thousand dollars, or more than ten percent of the fund whichever is greater, of any town or city common trust funds shall be invested under section 25 in the obligations of any one corporation or organization, including deposits in savings banks, or in the savings department of a national bank or trust company in this state, or in shares of any building and loan association or cooperative bank, incorporated and doing business under the laws of this state, or in the shares of any federal savings and loan association, located and doing business in this state, or in obligations of the United States and of the state of New Hampshire and its subdivisions; or in portions units of any common trust funds established by the New Hampshire Charitable Fund in accordance with RSA 292:23, and provided further, that the participating contributory interests of said trusts are properly evidenced by appropriate bookkeeping entries showing on an annual basis the capital contribution of and the profits and income allocable to each trust.

28. Exception. The provisions of section 27 shall not apply where the instrument creating the particular trust specifically prohibits collective investments or where such investment shall violate any specific court order made in any particular trust.

29. Contributions and Withdrawals. Contribution to any common trust fund shall be made on the basis of its market value at the time such contribution is recorded in the books of the trustees. The withdrawal of a particular trust fund from any common trust fund shall be made proportionately on the basis of the market value of said common trust fund at the time such withdrawal is recorded in the books of the trustees.

30. Liberal Construction of Provisions. The provisions of sections 25, 27, 28 and 38 of this chapter shall be construed liberally to effectuate the purposes stated in section 27.

31. Trust Funds for Districts. Except where otherwise specifically provided in the charter of a city or by special act of the legislature whenever a gift, legacy or devise shall be made in trust to a school district, village district or any subdivision of a town and accepted by it, the same shall be held in custody and administered by the trustees of trust funds of such town or in case of districts embracing two or more towns by the trustees of trust funds of that town which the voters of said district may elect. The governing body of any such district or subdivision shall expend such district or subdivision trust funds, or the income thereof in as expended, consistently with the terms of the trust. The provisions of section 32 shall not apply to expenditures of district or subdivision trust funds.

32. Expenditures. Trust funds, or the income thereof, to be expended, shall be paid to trustees or agents of the town established to carry out the objects designated by such trusts, and, if there be no such trustees or agents, then such expenditures shall be made by the full board of town trustees.

33. Audit and Publication of Reports of Trustees.

I. The accounts of the trustees shall be audited annually by the auditor of the town, the securities shall be exhibited to the auditor, and he shall certify the facts found by his audit and the list of all securities held. The trustees shall submit to the auditor a detailed statement of the securities held by them and the particular trust to which they belong, and exhibit to him a statement of all receipts and expenditures with proper vouchers.

II. The legislative body of a town may authorize the printing of the reports of the trustees and of the auditor in summary form (rather than in full detail in the annual town report).

III. In a year in which a town accepts gifts, legacies and devises for any trust created, the trustees and auditor shall print the names of the donors and the value of such gifts, legacies and devises at the time of donation in the annual town report.

34. Records. The trustees shall keep a record of all trusts in a record book, which shall be open to the inspection of all persons in their town.

35. Compensation of Bookkeeper. The bookkeeper of the trustees shall receive such compensation as the town meeting may determine.

36. Bank Deposits. Deposits in savings banks shall be made in the name of the town which holds the same in trust, and it shall appear upon the book thereof that the same is a trust fund.

37. Payment by Towns. Each town shall pay over to the trustees the full amount of its trust funds.

38. Reports. A copy of the reports required of the town and city trustees and of the auditor thereof shall be filed annually with the attorney general.

38-a. Professional Banking Assistance.

I. The provisions of RSA 31:19 through 31:38 as amended shall remain in full force and effect. This section is intended only to provide help to trustees covered by this subdivision by enabling them to have professional banking assistance in the performance of their duties as trustees.

II. "Bank" as used in this section means a savings bank, national bank or trust company in this state, any building and loan association or cooperative bank, incorporated and doing business under the laws of this state or any federal savings and loan association located and doing business in this state.

III. Any trustee or trustees of trust funds authorized by this chapter may hire or employ the trust department or departments of a bank or banks to assist in the management and investment of trust fund resources or to provide bookkeeping services in connection therewith or to do both. They may also place securities in the nominee name of a trust department or departments to facilitate transfers for such securities. That fund records maintained by any bank must be available at all times for examination by local auditors, by independent accountants or auditors retained by a municipality, or by the auditors of the department of revenue administration; and such records shall be municipal records and property.

IV. Any expenses incurred pursuant to paragraph III of this section by a trustee or trustees of trust funds authorized by this chapter shall be charges against the trust funds involved and shall be identified and reported in the annual report of the trustee or trustees as expenditures out of trust funds made pursuant to RSA 31:38-a, III.
